

**Football Trip -continued:**

Towers players seemed to find our weaknesses and soon got ahead of us. Harry Johnson played a good game while our full back was very weak. A change was made but it was too late. The Towers piled on try after try and the final scores were 57 to 23 in their favour.

Nevertheless, the game was very interesting to watch and cleanly played by both sides.

A special feature of the day was the visit to the football grounds of the Townsville Highlanders Pipe Band who marched round the sports ring and then played the two senior teams on to the field. The names and positions in which each player played was then called out over the public address system and each player took his position on the field, when called. This gave the public an opportunity of knowing the names of the players and their field positions.

As the rail motor did not leave Charters Towers until late Sunday night a variety concert was staged by the Highlanders Pipe Band assisted by Palm Island artists before a packed hall.

The day was an ideal one and the arrangements made for our boys were much appreciated by all.

The Manager of the team, Mr Krause, expressed his thanks to the Towers Football Club for the kindness and hospitality shown to our boys and hoped the Towers players would be able to play a return match at Palm Island towards the end of the season.

**DENTIST'S VISIT**

Word has been received that the dentist is expected to arrive from Townsville today.

Any one requiring dental attention, will you please report to the hospital and make an appointment.
