

SCHOOL
VIGRO COMPETITION

This is well under way, and the two schools competing for the R.H. Bartlam School Sports Shield are very keen on their practice, and are on their toes.

The Provisional School's new grounds has proved very effective, and this has been used twice for the practice matches.

The other team competing, the Convent School, has a strong team and it is expected that a good round of matches will be seen.

BASKET BALL

This is still proving an excellent entertainment. Last Monday night a camp team defeated a team from the Young Girls Home after a very good match. Both teams are keen, and onlookers are anxious to see them meet again in friendly competition.

The Men's basketball too is receiving a boost, and four teams are now in being.

Aware of the heavy penalty for sleeping on sentry duty, a recruit posted on the early-morning relief did his best to keep awake. But in the end he went to sleep on his feet. Awakened by a slight noise, he raised his eyes and saw the Orderly Officer approaching. The recruit kept his wits for another minute with head bowed. Then, raising it slowly, he looked piously up at the sky and murmured, "Amen!"
