

"Did you ever try this?"

Greasy Overalls: If the men of the house come home with very greasy overalls and you wonder however you can get them clean, just try this method and you will be pleased with the results. Put 4 tablespoons of soap powder and $\frac{1}{2}$ cup of kerosene into 4 gallons of clean water (nearly $\frac{1}{2}$ a copper full) and boil rapidly for half an hour, take care that the clothes are never off the boil, and the dirty scum should be removed as it rises. Lift out and rinse well three times in hot water to remove dissolved grease. You will be delighted to see that all grease stains have disappeared.

LOCAL SPORTING ACTIVITIES

School Boys Cricket: A match played between a team of native boys and one of white boys resulted in a draw. It was umpired by Mr. D. Patterson and was enjoyed by both players and onlookers. I hope we see another one arranged.

Football: A game was played on both Saturday and Sunday afternoon. The winning teams and scores being respectively

Saturday - Shamrock v Skipjacks - Skipjacks won 22-19.
Skipjack junrs. v Shamrocks - Skipjacks 34-8.

Sunday - Wattles snr. v Shamrocks snr. - Shamrocks won
38 - 32.
Wattles jnr. v Shamrocks jnr. - Shamrocks won 32-5

Basket Ball: This game is being vigorously played by Dormitory teams and the first fixture match of the season will be played between a camp team and dormitory team on Sunday afternoon.

The school girls teams are also keen, but a match between the Convent and State school which was to be played this afternoon 8th July has had to be postponed.

A British champion Friesian cow in England has created a new world record by yielding 150 tons of milk in 7 years 7 weeks, averaging about $21\frac{1}{2}$ tons of milk per year -
Some cow!
