

WOMENS BASKET - BALL.

Once again the basket-ball season is with us, and we are all looking forward to this year's results as to which team will win the "Bartlam Shield!"

We all know that the "Waratah team" successfully won the shield during the last two years, and that "Swifts"---(now Bluejays) were not very far behind them.

We do hope every player will be a good sport and put their best foot forward for the coming matches; we also hope that basket-ball will encourage more players, which will make the game that much more interesting.

-----  
Do not forsake not an old friend, for the new, not comparable unto him. A new friend is as new wine; when it is old thou shalt drink it with pleasure.
