

These are public responsibilities we each owe to one another to see that our own houses and yards are kept clean, that ample care is taken of our water supply and that fires are not allowed to get out of control.

Just as a stitch in time saves nine so a warning given in time may save us some anxious moments later on. We depend upon the good senses of our residents to co-operate with each other in observing and heeding the warnings given to them from time to time, through the medium of this little paper.

#### INGHAM TRIP

On Sunday morning last approximately 50 local residents journeyed to Lucinda and thence to Ingham at the invitation of the Herbert River Rugby League football club.

The journey to Lucinda, which was taken by way of North Palm Passage was a most pleasant one and as we approached the passage a fine display of a whale disporting there was witnessed.

Several utilities and a bus awaited our boys when they arrived at Lucinda and soon we made the 18 miles or so to Ingham passing through some very picturesque country with cane fields skirting the road sides.

Many former Palm Islanders, now living in the Ingham and Halifax districts came to Ingham to renew old acquaintances with our boys.

There was a large attendance and though our team was match against a crack-a-jack team of Herbert River District representatives, they played a good hard game.
