

Boxing-Noted continued:

their names in yet.

I would like to point out that boxing here on Palm Island does not merely mean going into the ring for 3 or 4 rounds and forgetting all about it until next fortnight. There is a lot of work to be done preparing the ring and rules to be drawn up and meetings to attend, when your interest are discussed you will be notified at an early date when the next general meeting of all interested in boxing will take place and I hope the attendance will be more than one person, for that is the total attendance of the last meeting, which of course was not held.

Herewith is an extract from the Courier Mail February 26th. "A State wide search for talent among country boxers, particularly ABORIGINES is to be made by Brisbane Stadium Manager, Mr. B. Potts.

He has heard that there are good boxing prospects in the country especially the Aboriginal Settlements. Who knows he may find men like Jerry Jerome, Black Paddy, Ron and Max Richards, Jack Hassen, Alfie Clay, Frank Sibley, Ellie Bennett (and Fred Clay and a host of others, too numerous to mention.

Mr. Potts and Referee Pat Hill will journey to Cherbourg Settlement on March 6th to stage a tournament there. The following Cherbourg fighters have already been matched;- Len Malone and Johnny Glenbar, Dave Twaddle and John Murray. After this tournament Mr Potts in his quests for talent .

The Stadium Manager is giving a cup to the best fighter they find. Is Palm Island, through its lack of enthusiasm going to be left out of it?.

All boxers will be medically examined at Out Patients Department 11 a.m. Friday March 3rd.
