

## SPORTS PROGRAMME

A Sporting Programme will begin at 10 a.m. each day.

Children's races will be the main features to be followed by Adult events.

Bullock riding will be a feature and intending riders are asked to hand in their names by Saturday afternoon.

Wood chopping events will be held each day. On Monday the usual wood chopping contents will take place.

A high light of this year's wood chop will be the tree-felling chop and a wood chopping relay.

Those wishing to take part in the relay race please hand in your names early so teams can be selected.

Another feature of this year's sporting programme is a race by the Scouts and Guides at pitching a tent.

There will also be a patrol chariot race.

Don't miss these two exciting events.

Other events will include items for the women folk such as nail driving, Broom throwing wood sawing, championships and other events.

Mr. Stan Short of Wownsville has donated a beautiful purse for the champion lady wood chopper.

Horse events will also be held and there will be a special prize for the best turned-out stockman.

He is best educated who is most useful.
