

AQUATIC ACTIVITIES.

A very good day was had last Saturday when a water Sports, and Fishing Competition was held. A cool northerly wind made conditions pleasant.

The Competitors in the fishing contest left at 10.a.m., just as the water sports got well under way with swimming, diving and under water races.

The Womens free style over 25 yards was won by Margaret Nardoo, with Teresa Anderson second. Wilfred Wyles took the senior boys race with Fred Geesu second.

A feature of the morning's activities was a model yacht race staged by the Palm Island Youth Club. After some exciting heats the winner of the final was Fred Geesu. As well as the first prize he also collected a one guinea special prize donated by Mr.T. Murphy.

The usual stalls were on the spot with ice cream soft drinks, hot dogs, sweets etc. For all a very enjoyable morning.

The Fishing Contest Competitors arrived back with their catches at 4 p.m., and after the count and weigh in, the results were - heaviest fish - Stephen Pickles with a $6\frac{3}{4}$ lbs. cod. The most fish, and also greatest weight of fish went to Arnold Ryan. A special prize of two guineas donated by the Superintendent, Mr. Bartlam to the Youth Club boy who caught the heaviest fish went to Anthony Conway who hooked a $4\frac{1}{2}$ lbs mackerel.

It is anticipated that another day similar be held in the near future.

Executive to secretary: "Makes me feel kind of guilty, sitting in this air-conditioned office while the wife and kids sweat it out on the beach."
