FRIDAY 10TH AUGUST 1956.

FOOTBALL.

Palm Island v Tully.

A representatives team of footballers travelled to Tully on Sunday 5th August. The trip going over was fairly good, but in returning the weather change and everyone had to experience the roughness of the sea and rain.

We travelled to Tully in a truck, we left Cardwell at 9. 15.p.m. and got to Tully at 10. 45.p.m. The game between Palm Island and Tully started at 3. 30.p.m., with Tully opening the game with the first try, the score then been 5 to nil. Then after 10 minutes Tully scored again, but the try wasn't converted which put Tully 8, P. Island nil. It was about 5 or 6 minutes after when H. Johnson, P. Island captain scored the first try for P. Island between the goal post the try being converted by H. Powder which brought the score to Tully 8, P. Island 5, then Tully scored and the try being converted which made Tully 13, P. Island 10. Tully scored again but the try wasn't converted so the score being Tully 16, P. Island 10. Then R. James went over the line for P. Island, the try wasn't converted which brought the

Football continued.

score Tully 16, P. Island 13. Tully scoring another try but failed to convert, so Tully still led by 19 points to P. Island 13. Then just before half time W. Thimble scored another try in the corner but the try failed to convert so the score at interval was - Tully 19. P.I. 16.

By the time the second half started our boys tried hard to gain and bring the score up with Tully, but failed with Tully scoring another three tries in succession which took the lead which brought Tully 30 - Palm Is. 16. T. Geia went over again and the try being converted which brought the score - Tully 30 - Palm Is. 21.

Harry Johnson scored again but the try failed in conversion which brought the score - Tully 30 - Palm Is. 24. Then Tully again started their open play by giving everything they had to score another four tries in a row and brought the score - Tully 50 and Palm Is. 24. Thomas Geia scored another try for Palm Is. and brought the score Tully 50 Palm Is. 27.

Harry Johnson then forced his way over for Palm Island's last try and brought a score - which made Palm Is. 30.

In the last few minutes of the game Tully scored again and made the final score for the day - Tully 53 Palm Island 30.

As for the day it was good except for light shower which fell on and off and made the ball very greasy and had to handle.

In conclusion, I wish to say that our local boys need to train much harder and further more they need more combination as a whole team.

Tries by our localsboys - H. Johnson (3) C. Warner (1) W. Thimble (1) T. Geia (2) and R. James (1).
