FRIDAY 28TH OCTOBER

1960

AQUATIC SPORTS.

This is the sort of weather which entices one to the sea. At least Palm Islanders have not far to go in this regard.

On Saturday 5th November, the Palm Island Social and Welfare Association will sponsor water sports, which will include diving and swimming events and novelty races, will commence at 9 a.m. finishing about noon. The novelty events are expected to be a highlight of the occasion.

In conjunction with this a Fishing Competition will be held commencing at 9 a.m. and finishing between 3 and 5 p.m. The boats are expected to leave their fishing grounds at 3 p.m. and start for home.

There will be soft drinks and ice cream stalls and the morning should be a pleasant one.

Aquatic Sports - continued:

So now is the time for the swimmers and divers to practice and get ready for the big day.

The tide will be high about ten o'clock on Saturday and this should work in very well.

INGHAM VISIT.

Recently a party of school children from the two aboriginal schools went to Ingham for a visit to the cane mill and other areas.

The Kiru on which they travelled, left Palm Island about 6.00 a.m. and arrived at Lucinda about 8.30 where their transport picked them up and took them to Ingham.

The party had an enjoyable day and returned to Lucinda Point about 6 p.m. to travel home. Father Edward and Mr. Krause accompanied the children.

YOUTH CLUB NEWS.

A party of young lads went to Onion Bay last Saturday on the launch "Sylvia" under the care of Mr. J. Hogbin.

The weather was particularly good and the change was an enjoyable one.

It is expected that Mr. Ellnor and his group will have their sailing vessel afloat shortly. The sail is taking shape and the lee boards are in the hands of Blacksmith Fred Lenoy for the final touches.

The Model Sailing Club will have an outing on Saturday, Nov. 5th, when the Aquatic Sports will give them a chance to show the paces of their craft.
