

VISITORS

It is expected that a number of visitors from the mainland will be spending Easter at Palm Island. Among them will be Mr. and Mrs Whitmee of Townsville.

Mr. Whitmee is the Regional Director of Education and has come to open the Provisional School for Whites today. Whilst here he will also visit the School for Aborigines and St. Michael's Convent School.

Mr. and Mrs Whitmee will remain on the Island for the Easter vacation.

INGHAM TRIP

Last Sunday approximately 50 Palm Islanders consisting of a representative team of footballers and four teams of native dancers visited Ingham on the invitation of the Life Savers Football Club.

At first it seemed that a wet day was inevitable, but a short while after starting out from the Island, the weather cleared, the sea calmed and quite a pleasant trip was the result.

A bus was waiting at Lucinda, and on our arrival we were met by Mr. G. Kennedy, President of the Life Savers Club. A pleasant trip to Ingham, and soon our boys were at the Sports Ground where a handful of ladies assisted the Club to provide a very fine dinner for our boys.

Mr. Kennedy formally welcomed the visitors and assured as his Club looked forward each year to open up the season with a match with our boys. Mr. Krause suitably reppended.

Two matches were arranged a Minor Junior and a Senior match in which our players took part.

It was a good clean game and our boys came out the victors 29 to 18.
