

patronised.

Football is played in season and this year we were able to send a representative team to Brisbane, Charters Towers, Ingham, while several invitations had to be reluctantly declined. Here, is a picture of our Representative team that visited Brisbane and distinguished itself with its victory at Charters Towers. Mr George Ryan, a past representative player acted as their coach.

Closely associated with island life is reefing and fishing as well as various forms of aquatic sports including boating and swimming.

Fishing contests are frequently held throughout the year and this year, being Jubilee year, a special trophy is being presented to the one who lands the best fish for the year. The heaviest fish caught up to time of going to press was a 35 pounder. The final round of this competition will take place the Saturday before New Year's day - the 29th December.
