

FOOTBALL

An invitation has come to hand from a town on the mainland for a team of Palm Island footballers to visit them soon.

Beyond registering their names as players this season, nothing else towards getting football started has been done.

While this wet weather prevails it is a good time to rid the field of weeds. Goal posts want attention and the field marked out.

Unless some effort is put forth to get the field in readiness and some practice at playing, players or intending players cannot hope to be selected in a representative team.

Footballers!, it is up to you.

ROYAL VISIT REHEARSAL

With the Royal visit only a week away it is proposed to hold a rehearsal of the "March Past" of the Band, the School children and the Dancers taking part in the festivities to be held in Townsville next Friday.

This rehearsal will take place tomorrow SATURDAY commencing at 10 o'clock.

All Bandsmen, school children marching in the Procession and the two Dancing teams are required to meet at the Boatshed and be ready to move off on a practice march at 10 o'clock tomorrow.
