

OUR SPORT

Our visit to Tully last week-end was a great success. When our Footballers arrived at Tully, they were taken to the Showgrounds, Our band proceeded to the Tully District Hospital, where in a position in the hospital grounds played to the patients, Matron and hospital staff, who thoroughly enjoyed every minute. After leaving the hospital they returned to the showgrounds where along with others they were entertained at lunch.

A welcome was extended to our boys from Mr. Jim Ferris who is the President of the Tully Rugby Football League. After lunch the first game of the day was played between number one and two football teams from Tully.

At the completion of this game, some of our boys entertained the public with spear throwing and boomerang throwing, and the crowd was quite thrilled with this display after which the band assembled in the ring and rendered music to the public.

At this time players led by their respective Captains and Referee along with Mr. Ferris, Mr. Bryne M.L.A. and other officials came onto the field. After playing the National Anthem the bandsmen were seated inside the ring.

Then the main game for the day Palm Island v Tully started with the referee requesting Mr. Bryne to kick the ball off.

During half time our band played a few more numbers. At the completion of the game light refreshments were served and a grand day was had by all.

The results are as follows:- 80-17. Tully the winner. Mr. Ferris thanked our boys and remarked how well behaved they were and also how very well the band played.
