

Cont.

normal with aboriginal employees than they are with white employees.

It would be unfortunate if aboriginal workers, perhaps unknowingly, were to impose upon this tolerance, for the only result would be to lose an avenue of employment for native workers.

At present, aboriginal workers are doing good jobs in various phases of mainland life and by their ability and perserverance they make more opportunities for others.

However, the reverse also applies and poor workers and unreliable men and women can only make it difficult for other settlement people to become employed among the mainland population.

In this writer's opinion, Sam Sailor and Bill Seator were the best players on the field, but lacked support from the rest of the team. For Federals, Johnny Haines, Max Simpson and Harry Johnson caught the eye.

Jim Stanley did a good job with the whistle, but the playing of the advantage rule makes for a faster game. Still, well done Jim - he didn't miss a trick.

On Saturday, Brothers defeated Federals by 30 - 17. Tries for Brothers - Walter Bengaroo (3), Ron Hero (2) and Algon Walsh and R. Thimble - one each. Ron Hero had his kicking boots on and kicked six goals and Algon Walsh - one.

For Federals, Frank Jack scored 2 tries, Reg James, Harry Johnson and Bertie Kerr - one each. Max Simpson kicked the only goal.

This writer did not see Saturday's game but has seen Brothers play and believes they will be hard to beat in the competition as they do play as a team, and not as 13 separate men.
