

TASMANIAN TOUR

During the next three or four issues of this paper Mr. Neville Bonner will endeavour to give readers an account of his trip to Tasmania and the reaction to the party's first aeroplane ride and their first sight of real snow.

He also has an interesting story to tell of Tippo's visit to the gardens and his exploits with the monkeys there.

Don't miss reading these interesting articles commencing with this issue.

N.F.C. SPORTS

A team of seven Palm Islanders proceeded to Ingham last Saturday to take part in their annual National Fitness Sports. This is the first occasion that our Islanders have taken any part in these sports and they did quite well for themselves. From the experience gained they should do much better next time.

However the team gained six second place and one third place but were not quite good enough to gain the trophy, though they went pretty close to it.

There were nine teams of young women and six teams of young men competing and it is hoped more teams will take part in future contests. Perhaps P.I. young women may feel energetic enough to train for next year.

Our boys were given a light lunch on arrival and a good meal before leaving for home. Mr. Euclid, secretary of Ingham N.F.C., met us at Lucinda and brought us back after tea.

A most enjoyable day was spent and our boys conducted themselves creditably.
