

FILM SCREENING

A special programme of Educational and Health films were screened before a large audience last Saturday night.

After the screening of the film entitled "Typhoid Carrier", Dr. Wagner, Medical Superintendent of the Palm Island Hospital addressed the audience on the dangers of Typhoid and what to do to prevent it. It is hoped to screen this film again during the year.

Another health film will be screened in a few weeks time.

Other films screened included "Choosing for Happiness", and the 'Deadly Spider', Irrigation in Australia and a cartoon on a Tiger Hunt.
