APPRECIATION.

As all Palm Island now realise there has been a lot of activity over the past month, especially in the preparation for our annual show.

For the last four days preparation and packing for the Brisbane annual Show. This year there is a greater number of cases of goods going to Brisbane for sale.

This means further funds for our Welfare Association to carry on its very important works.

To carry out the work, which has been necessary over the past week is more than one or two people could possibly do, and it has been very pleasing to see the response from the Palm Island people who have come along and worked late at night to meet our deadline.

To all these people, the Welfare Association conveys its thanks and hopes in the future years the good work will continue/

BOXING!!

Next week, Colin Gibson and Arthur James will be going to Brisbane to represent Palm Island in the Courier-Mail Olympic Quest.

To these two lads we wish every success and hope they make a name for themselves in the field of amateur sports.

Best of luck Colin and Arthur!!

Friends, if we be honest with ourselves, we shall be honest with each other.
