OF QUEENSLAND

## Palm Islanders in Townsville.

The Palm Island representative team went to Townsville last Wednesday and played against a combined Townsville team at the Show Grounds.

The lads put up a very good performance and proved too good for the Townsville Centrals on the night.

The ball was painted white to show up under the strong light and although conditions were new to the Palm Island team they revelled in the open play afforded.

The score 35 to 17 in favour of Palm Island was indicative of the game.

Ron Hero had a night out converting 7 goals out of 7 tries and his speed kept the Centrals moving in frantic attempts to block him.

(continued over page)

Palm Islanders in Townsville.— continued:

The Palm Islanders combined very well considering the small amount of training they had had together, but they began to peter out towards the finish, when Centrals scored two tries in a few minutes.

Darcy Burke proved solid backing for his team and initiated many moves which resulted in tries.

Tries were won by Darcy Burke, (3) Mack Simpson (2) Harold Powder (1), Jim Stanley (1), all conversions being by Ron Hero.

The Townsville Minors put on a match as an opener and provided good football.

Tommy Kangaroo and Jim Johnson gave a good display of spear and boomerang throwing on the Exhibition Grounds oval.

The lights were put out and the boomerangs made glittering circles in the air as they spun across the ring.

The display reached a climax when a boomerang zoomed overhead to swoop on to the announcer's table and score a direct hit on the microphone.

The incident pleased the spectators more than the announcer who dived under the table when the next one spun overhead.

The crowd was in a good mood when the Palm Islanders came on to the field and gave them a good reception.

Pictures!

Will be screened next Wednesday night.

Soft Drink Bottles!

Abe to be returned to the Kiosk NOW!
