

SCHOOL SPORTS

Palm Island Provisional School and the Convent School are competing for the R.H. Bartlam Sporting Shield, which is available for Vigiro this year.

Mr. Krause has not entered his school for this tournament.

The children of the Convent School excitedly prepared for a trial match with the Provisional School last Friday afternoon. The match was a very close one, the Convent winning the first innings, and the Provisional school the second innings.

Both teams are practising hard to see which team will receive the honour of having their name inscribed on the shield for 1961, and into whose care the shield will go for the year.

The ground which has been levelled behind the Provisional School has proved ideal for matches.

The Provisional School will travel to Casement for the return match.

DODGE COLDS THIS WINTER

You don't have to catch a cold this winter, despite what you think. Before the cold virus can effect you, you must first do one of two things -- breathe in infected air, or eat food or use utensils contaminated by the cold virus. If you do neither of these things, you don't catch cold if you keep.....

Keep Resistance High

Even if cold germs are already living in
