

SOCIAL AND WELFARE NOTES.

Much progress has been made on the Library building which will be completed by the next week, and ready for painting.

The gymnasium also is nearing completion and both buildings will be ready for our Show this year.

-----  
This Association will be sending a display of arts and crafts into the Townsville Show this Saturday.

Much work is going on in getting exhibits etc. packed for despatching this Saturday when a few delegates will accompany the display in to have the stand erected and display the exhibits in readiness for Monday morning the 4th July being the first day of the Townsville Show.

-----  
Last Friday saw the second visit by the tourists for this year when quite a lot of coral and shells were purchased from the Welfare stock.

Orders for coral, shells, curios etc. from enthusiasts when at the Palm Island Display at the Townsville Show are expected.

-----  
Footballers, please note!. The President advises that an invitation was received from the Innisfail Sugar Festival Committee of that town, for footballers and entertainers to visit them in September of this year.

So you see, invitations are being received from the mainland, now it is up to the Dancing and Football Committees to see that the footballers and dancers are in readiness for any trips to any centres on the mainland.

You can expect a few more invitations before this date. Be ready at any time and don't leave everything for the last minute.

-----  
Hundreds would never have known want if they had not first known waste.
