### BASKETBALL

On Tuesday, 25th April, captains and prospective officials met at the Welfare Hall to form the Palm Island Basket Ball Association.

The first duty was to elect the Chairman and Secretary who were Joe Boyd and Bethel Conway respectively. Following this we settled down to the job of forming a constitution. The job was not easy but after much deliberation we formed a set of rules, which we feel, will make control much easier.

Briefly all teams, players and team colours must be registered. Definite officials have been elected for definite jobs, and it was pleasing to see how eagerly these jobs were accepted.

Play for the R.H. Bartlam Shields will commence on Monday 8th May and continue till Wednesday 17th May. The second round will commence on the second Monday of June, and the last round on the second Monday of July.

The team with the greatest number of wins will keep the shield for this year.

The committee hopes that the players and public will show maximum interest in the matches.
