

Ingham Trip - continued:

Herbert River Team scored 2 or 3 tries before the Palm Islanders opened up their score from a penalty kick. This gave our boys a little encouragement and they played a much better game during the second half. However the home team proved too good for our boys and the final scores were 26 to 45 in favour of Herbert River Team.

During the afternoon several teams of dancers entertained the onlookers who enjoyed this part of the programme very much.

Spear and boomerang throwing, as well as fire lighting, coconut peeling and spearing the banana stalk were other features of the entertainment.

Jack Maytown and Carlo Allen put on a spear fight which had some of the onlookers holding their breaths as the two got closer and closer in their spear thrusts.

The journey home, though a little delayed, was a most pleasant one and so ended another happy outing for our boys.

BOXING

There was a good attendance at the Boxing last Saturday night and a few more bouts staged than usual. Boxers are asked to be a little more prompt in their attendance at the dressing room so that a start can be made on time. otherwise programmes will have to be cut short in order to close by 10 p.m.

New comers wishing to participate in these tournaments are reminded they must be resident here for three months before they can become registered with the Boxing Committee and be matched in these tournaments.

There is still a possibility that the tournament to have been held at Halifax in June may yet be held, as hopes of this were expressed to your Welfare President when in Ingham last week end.
