### CARNIVAL

Fine weather prevailed last Saturday when a successful Carnival was held on the foreshores, where swimming events and land sports were held.

Stalls were conducted by the Dormitory and the Welfare Association which added to the carnival atmosphere experienced.

The highlight of the Sports was when a Tug-o-War on the sand took place between the staff and a team of locals. It finished in a draw for both sides, neither side being able to dislodge the other.

A guessing competition was won by Mrs. Dolly Wilson while an event that attracted attention was a balloon bursting Race. In this event the competitors ran a short distance, were given a sac biscuit to eat and then had to blow up and burst their balloon. Some of the balloons were blown up far beyond the expectations of the competitors before they would burst.

During the day the Palm Island Band rendered appropriate selections and added to the carnival spirit.

Quite a happy time was experienced though perhaps more of the public might have come along and shared in the fun.
