

BOXING NEWS

Repairs to Ring.

It is gratifying to find that work on the repairing of the boxing ring is being carried out by volunteer workers under the supervision of the boxing committee.

Some weeks have elapsed since we have seen boxing tournaments at Palm Island and boxers are urged not to let this sport die out altogether.

Boxing tournaments are being staged at regular intervals in Townsville and the Welfare Association has been approached to send worthy representatives to these tournaments to represent the Palm Island boxing fraternity.

Recently Fred Tiers and Arthur Hero represented this Settlement at the opening of the series of Contests and both were successful in winning their fights. This was a good start for Palm Island and this week end, Fred Tiers and Gresham Gunnawarra are representing Palm Island at Friday night's big match. They will be matched against tougher boxers and we are hopeful they will distinguish themselves and win further honours for their Settlement. This tournament will be broadcast from 4AY at 9.15 p.m.

A North Queensland Titles Contest is to be conducted later in the year and we are hoping that Palm Island will be well represented when this takes place.

Boxers! if YOU want an opportunity to represent your people, and particularly this Settlement, at these boxing Contests, rally round your Committee and assist it to get your ring in order so that you can show your form to the selectors, whose advise will be sought before any decisions will be made as to who shall be nominated to represent Palm Island at these Contests.
