

ALMOST FINISHED

The new Sporting Complex at Reeves Creek should be available for use in another 2 to 3 weeks time. This will probably be near the end of February.

Games that can be played in the complex are as

follows: Indoor Cricket, Basketball, Table Tennis and Netball.

The amenities block will be available for use by the public.

COUNCIL CARPENTERS

Carpenters on the move.

The Yarrabah Community Council has five work gangs under their authority at the moment, and these are the Road Gang, who are at present cleaning up Yarrabah's beach front; the Hygiene Gang; Parks and Gardens; Police and Carpenter Gang, (which is one gang we need to know about).

There are four Council Carpenters in the gang and they have all been working for at least sixteen months. In between this time they were involved in a 3 month course and they are trying to get another one going.

At present they are building coffee tables, to sell for the Council, and furniture for the Farmhouse centre, such as cupboards and drawers.

Mr Shane Yeatman, head carpenter, said there is not enough equipment. They need more tools, for example, clamps, chisels, saw and sanding paper. But overall they have no real problems. They are all happy with the way they work.
