

Football continued:

PIN 21 4 50 p.10

We are looking forward to a fine week end when some good football should be witnessed. The inter-club rivallery is already evident with the fixtures only just commenced, and this added keenness on the part of the players seems like making this one of the best seasons ever. Players like the support of the public. Come along and support your team.

Play starts at 2 o'clock Saturday and 3 o'clock Sunday. Don't be late.

Last Sunday at Townsville, Estates defeated Centrals 15-0, in the opening match of Townsville premiership games. The defeated team - Centrals, coached by international rake, Charlie Benton, had been beaten only 5-0 by Home Hill, team led by international Duncan Hall, the previous week.

This game gives some indication of the standard of play that was produced by the Palm Island Representative Team a fortnight ago when they held Estates to a 26-20 lead at the five minute bell, to lose finally 36-20.

SOCIAL NEWS,

The Superintendent of Yarrabah Mission, Major Wakefield, accompanied by Mr Kirk of Thursday Island are expected to arrive on the "Wondi" today.

Miss Angelina King came home for the week end and returned again to Townsville last Monday.

Mr Don Brady was a visitor to the island last week end.

Readers! Now is the time to send along your donations to your show.
