### INGHAM TRIP.

On Easter Monday a party of footballers and four teams of dancers left Palm Island to journey to Ingham.

The morning proved very wet, but this did not dampen the spirits of the players as the day fined up the nearer we got to Ingham, and a very pleasant afternoon's entertainment was enjoyed by all.

The dancers gave demonstrations of Island and corroboree dancing, spear and boomerang throwing, peeling the husk from coconuts using their teeth and Jack Maytown and George Bronco staged a spear fight.

When the dancers left the Arena the footballers took over and the match between our Representative Team and the Ingham Life Savers Team began.
