

Ingham Trip - continued:

PIN 2 4 53, p6

At the evening meal which followed several speeches were made and the usual thanks were accorded our hosts.

Mr. Kennedy assured us he would do everything possible to organise a return match at Palm Island for his Club at the end of the season and they would be happy to bring their ladies with them who had worked so hard to make our visit such a success.

The party then were taken unto town for a short period after which they returned to Lucinda and boarded the boat for home.

A bright clear moonlight night and a calm sea added to the enjoyment of the trip home.

Our sincere thanks are due to Mr. Whiting and his crew for giving up their week end to make this trip possible also to our many Ingham friends who helped to make our visit so pleasurable.

LIFE SAVERS V PALM ISLAND

by "Linesman".

A representative team of footballers from the Island journeyed to Ingham last Sunday and played the Lifesavers Club on the Show ground.

The ladies of the Lifesavers Club prepared dinner and tea for members in the Show Pavilion, meals that were in every way comparable with cafe. This, combined with the fast, clean game of football played by both sides, made the occasion one which nobody would wish to miss.

Both sides were having their first run and it only goes to prove that the weeks training and exercise that our team had under their belts stood them in good stead for, with 15 minutes from full time, the scores were 18 all, and then in the last 15 minutes our lads simply left them standing to finish at the bell with the final score 29.10 in favour of Palm Island.
