HEALTH NOTES.

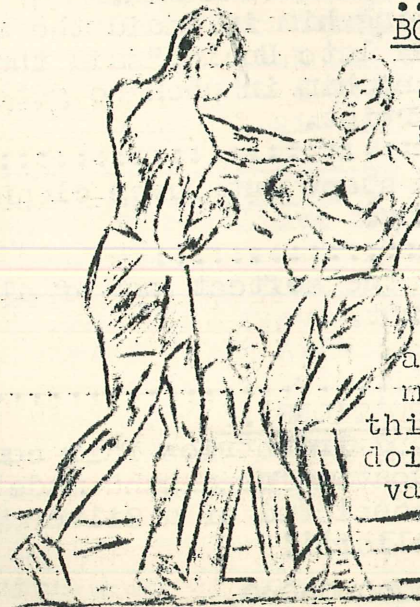

MUMPS.

Mumps usually starts with a feverish condition similar to that of measles or scarlet fever. The first sign may be a feeling of chilliness, followed by fever, loss of appetite and headache. The disease is very infectious and may be spread by drop-

let infection. So, cover all coughs and sneezes with your handkerchief, and use your own towel. Seek a doctor's advice.

BOXING NEWS!

The Boxing that was held last SATurday night was well up to standard. All Boys did well with their boxing. And all matches were well contested. It was good to see the small boys in the ring, as well as the older lads. We hope to see alot more interest, taken by more lads about the place, in this sport. The committee is doing a good job putting all the various matches on every 2nd Saturday night. There was another good crowd and this was also one of

acific region, and

LAUGH AWHILE!

"I'd like you to paint a portrait of my late Uncle," said the man.

"Well, bring him in," said the artist.

"I said my late Uncle!" said the man.

"Well, bring him in when he gets here," said the artist.
