

N.F.C.Sports - continued:

The March Past was very impressive as well as very colourful..

We were greatly intrigued with a novelty team race, which included walking on syrup tins, balancing a book on the head, sack race, blowing and bursting a balloon, going through a hoop and finish with a skipping race.

Often a team would get to blowing the balloon but could not burst it. Much valuable time was thus lost to the team.

The young man who won the Pole Vault cleared 10ft 2 $\frac{1}{2}$ inches quite a creditable height. Our two competitors were somewhat scared of the slot into which the pole had to be placed. But with a little practice they should now overcome this and give quite a good account of themselves.

Our thanks are due to the N.F.C. for their invitation to participate in these sports and from what we heard, it looks like an annual event for Palm Island athletes.

We are also indebted to Mr. Davidson and the crew of the Irex who conveyed us to Lucinda and waited for our return.

ANNIVERSARY DANCE

To commemorate the anniversary of the establishment of Willie Thaiday's Concert party it is intended to hold a special entertainment at the Theatre grounds next Tuesday night. It is hoped to screen special pictures before the main programme is due to commence.

Come along early and enjoy the full programme.

STORE CLOSED

The Retail Store will be closed next Monday & Tuesday.
