

This Association has had big successes in the past and big tasks still lie ahead needing the best and most capable men and women to tackle them.

See that you elect the right men and women next Monday night to guide the destiny of your Association to even greater successes.

INGHAM FOOTBALLERS VISIT.

Under ideal weather conditions the Life Savers Football Club's Senior and Minor Junior teams visited Palm Island last Sunday. They were accompanied by nearly 50 Inghamites who made the trip, which took the form of a basket picnic.

The party arrived at 11 a.m. and after coming ashore the footballers were given lunch after which a tour of the Settlement was made going as far as the farm and up to the Reservoir. On their return to the Settlement, they were entertained to boomerang and spear throwing by Jack Laytown and Pompey Clumpoint before the Minor Junior teams took the field.

This match was refereed by Tom Ryan. Our local boys proved too good for the visitors who only scored one try which they failed to convert. Palm Islanders scored 9 tries of which 5 were converted.

While the Senior teams were getting ready to take the field, Pompey Clumpoint and his team of boys gave exhibitions of Corroboree dancing while Pompey did more boomerang throwing. Archie Williams showed the visitors how easy it was to "walk up" a coconut tree and a battery of cameras were soon recording this excellent demonstration.

The Senior teams now took the field with George Ryan as the referee. Jimmy James opened up the score for Palm Island by securing the first try
