

Athletic Sports

Our Sports were held as usual on Boxing Day and very good races were witnessed. Colin won the Mission 150 yards Championship and many other prizes. Clarrie was 2nd to Colin and also did very well in other events. Some good Jumping was shown by Sambo and Alick Morgan.

A new feature was introduced in a long distance race from Yarrabah to Karpas Creek and back, the handicap being given in time not distance, this was won by David (Junior).

One day was insufficient to exhaust our programme and it was continued on New Years Day which enabled the land races to be finished. After the success of the Karpas Creek race another longer one was held to Bulki and back. Victor won an excellent race with Harry Thomas second and Nicholas third. The distance must have been about 9 miles and it speaks well for the condition of our Boys that some of those who finished were really distressed.

The Aquatic Sports were held on January 9 and have not yet been quite finished. Douglas Pitt won the mens Middy race from a large number of competitors. the mens and squad dives were won by Walter, Nicholas Harold, and Valentine respectively. Myquik sat under water for over 2 minutes and won the time dive.

PRINTING OFFICE WANTS

Any quantity of Printing Material because we are very short of everything in the way of printing work. I wish some kind friends would send us something along at once:— Type in any quantity. Leads, Brasses, Rules, Wedges, any sort of coloured Paper for Printing, in fact anything in the way of Printing Material.

We were promised by many people that they would get us some type, but it seems to me that their promises have failed; if people want the paper to grow and increase with good news worth reading, well then HELP US IN OUR TIME OF NEED FOR THE OFFICE.

Edgar Davis Foreman A. N. Yarrabah.

ACKNOWLEDGEMENTS

10/8 Mrs R Williams, Day Dawn Ridge, Ch. Towers

£12 H. John's Ballarat

10/8 Maryborough

£1 Dr Fleetwood (Ballarat)

5/ Mr and Mrs Drott

THANKS

Very much indeed to all friends who through their local secretaries sent us such a splendid assortment of Christmas Presents and Prizes.

Never before have we been so favoured with useful presents which do so much to promote the happiness of the Mission.

Especially do we thank the Brisbane ladies for the Pannikin Tea which brought us such a large quantity of those useful articles and other presents and Mrs G. H. Frodham and the ladies of Townsville for their "salo Tea" which brought us much material and towels for the hospital.

WANTS! WANTS! WANTS!

A LARGE SUPPLY of GALATEA or DUNGAREE for Working SULLS. We have not received so much material as usual this year owing to there being no appeal for clothes in favour of the general appeals of the A. B. M. Whilst we have been able from the efforts made at Brisbane and Townsville to provide all with a "Sunday suit", we had not so shabby that we have nothing left for working in. Accordingly we are now appealing for any amount of material especially the above which wears much better than others. Drill, print and calico will also be most acceptable Please send us Something AT ONCE.
