#### RODEO NEWS

It has been whispered that keen competition will be the field in the junior and senior bullock riding event at the rodeo on April 25th.

---

Rumour has it that there will be a mile running event on the 25th. It is not true that a bucket of water will be available every 300 yards for those who knock up.

A truck will not be available for those who fail to reach the finishing line.

---

Begin; to beginis half the work, Let half still remain; again begin this, and thou wilt have finished.

---

Let us believe neither half of the good people tell us of ourselves, nor half of the evil they say of others.
