No. 27

BOXING.

The boxing enthusiasts have started up again and a good attendance marked the function last Saturday night. The standard of boxing was reasonable but it is obvious that more and better training is required to bring boxers to proper standard.

Alex Sailor defeated Dennis Banning by a knockout in the third round. Owen Wyles was too good for Tony Simpson and put him down for the count of ten in the first round.

Maurice Palmer defeated John Cinnibar on points in a very close contest.

This was a good bout with bright exchanges in all rounds.

Eddie Nallajar defeated Willie Wyles on points. Both these lads need training.

Willie Obah defeated Bobby Wilson in the first round. Wilson was no match for his opponent on this showing.

Willie Burton defeated Bernard Johnson on points.. Bernard put up a good showing against a more experienced opponent.

Dick Dalton defeated Ron Nemo in the third round. Ron was dazed earlier in the round by an accidental butt in the head by Dick and ran into a haymaker which put him down for the count.

Bobbie Palmer defeated Ted Parkinson in the first round.

Tony Doolan defeated Scottie Coleman in the third round. Scottie should take about 2 stone off if he is going to enter the ring.

Elimination contests will be held in the next few months and the run off will take place on one Saturday night in each four weeks. The first such will be on Saturday 28th July. There will be trophies provided for the winner in each class and the tournament will run over several months to find the winner of each division.

At the last Welfare Meeting it was decided to purchase boxing boots and boxing shorts for the competitors to use on these nights.
