FRIDAY 3RD MARCH,
1961.

BASKET BALL

Basket Ball received an impetus on Monday night last when a lively set of games between the Girls Home and Womens Home were played.

The Recreation Hall floor proved ideal for playing, and the girls handled the ball very well, and the general play was exciting and entertaining.

The night was very hot, but the players were engrossed in the games that this was disregarded.

As soon as practice sharpens up the play, some really good basket ball will be seen from the Palm Island Girls.

A competition will be played, and it is hoped

that 3, perhaps 4 teams, can be provided from the Homes, and another 2 from the village. A shield will be played for and this is expected to be exhibited in the Social and Welfare display window shortly.

The Youth Club's basket ball also brightened up on Wednesday night, and three quite promising matches took place. A good deal of training is required and better team work, but the improvement is distinctly noticeable.

It is hoped that the lads will be trained enough to put on a Youth Club competition in a few weeks.

FANCY DRESS BALL

A Fancy Dress Ball will be held next Thursday night, and prizes will be given for the winners in various sections.

There will be prizes for the best dressed and the funniest costume etc..

The girls particularly are very keen on this and the boys too have many opportunities to show their skill at dressing up.

A very bright section was seen at Yarraball a few months ago when about 80 competitors faced the judges.

There were Swagmen, Clowns, Hula Girls, Harlequins, Flower Girls, Corroboree Dancers and dozens of others who had a good time parading their efforts.

Next Thursday night should be a big night and all are invited to come.
