

BOXING NEWS.

The Boxing last Saturday night the 10th April proved to be a far greater success than the previous meeting, which was held a fortnight ago, as the hall was filled to very near capacity.

This was encouraging to the boys who are providing the entertainment for the public and also the committee who are working very hard to keep this sport going, and must be congratulated on their efforts. More bouts were on the programme last Saturday night, and all were evenly contested. The boxers being in better condition, which proves they have gone into training with a will to get themselves fit, and to give the public more entertainment and more thrills.

The Referees and the Judges must be complimented on the decisions they have given, as all the decisions have been very well received by the public.

We must also thank the Doctor for his keen interest in coming to the Hall to examine the boys and staying for the full nights entertainment.

Results of Saturday night bouts were as follows:-

Malcolm Geia	defeated	Roy Wilson (jnr)

JOKES ASIDE.

A surgeon, an architect and a politician were arguing as to whose profession was the oldest.

Said the surgeon: "Eve was made from Adam's rib, and that surely must have been a surgical operation."

"Maybe," said the architect, "but before that order was created out of chaos, and that certainly was an architectural job."

"But," interrupted the politician, "somebody first created chaos."
